

For client, student and patient safety

Introducing the

Nail Salon Fume-Removal Unit

Only \$794.00 (plus shipping and tax)

Prices good through Dec. 31, 2003

Our **Nail Salon Fume-Removal Unit** is used to conveniently help remove carcinogenic (cancer-causing) fume odors right at the source.

Also standard with the unit is the 3-inch diameter PVC-Lock Fume-Removal Arm, casters for portability, 7-foot power cord, and **whisper-quiet** 3-speed motor. A variety of colors are available to match your decor.

The unit's filter holds activated carbon and includes a polyester prefilter and 99.97% HEPA filter for maximum efficiency. Normal filter life is 6 to 12 months, depending on usage. The whole unit weight is approximately 37 pounds.

Use the Order Form on the reverse side or call 1-800-766-7978 to order using your credit card.
